## DETAILED ACTION

### *Information Disclosure Statement*

1. The information disclosure statement filed June 28, 2004 fails to comply with the provisions of 37 CFR 1.97, 1.98 and MPEP § 609 because according to 37 CFR 1.97(e)(1), each item of information contained in the IDS must be cited in a communication from a foreign patent office in a counterpart foreign application **not more than three months prior** to the filing of the IDS. Since the IDS was filed on June 28, 2004 and the communication from the European Patent Office was received on January 5, 2004, the IDS was filed more than three months after receiving the communication from the EPO, and therefore will not be considered. The IDS has been placed in the application file, but the information referred to therein has not been considered as to the merits. Applicant is advised that the date of any re-submission of any item of information contained in this information disclosure statement or the submission of any missing element(s) will be the date of submission for purposes of determining compliance with the requirements based on the time of filing the statement, including all certification requirements for statements under 37 CFR 1.97(e). See MPEP § 609 ¶ C(1).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Timothy J. Dole whose telephone number is (571) 272-2229.

The examiner can normally be reached on Mon. thru Fri. from 8:00 to 4:30.
